

PAN AM RAILWAYS
IRON HORSE PARK
NO. BILLERICA, MA 01862

September 2, 2009

David Cole
Commissioner
Maine Department of Transportation

Dear Mr. Cole:

Pan Am Railways is writing to support the proposal regarding Perry Eastport facility as well as supporting the upgrading of the Woodland Calais Branch, including the rebuilding of the bridge over St. Croix River for a direct approach to Eastport/Perry facility and Woodland.

Overall, the changes proposed will improve the transit time to Perry, Domtar and create opportunities for the former Louisiana Pacific facility and employment opportunities for the area.

Sincerely,

S. B. Culliford
